At minimum, talk with Mr. Swain about settlement, get his 2013 tax returns and report on whether EPA believe that settlement is possible. It is probably a good idea to start considering exactly what our obligations are under agency policy as to the assertion of inability to pay.

I've read this; what do we need to do to show progress before 8/29/2014?

Motion for Accelerated Decision granted with respect to liability, but denied with respect to penalty.

Status Report on any settlement efforts due on/before 8/29/2014.

I have not had a chance to review thoroughly, but wanted to pass along now.
